Fravillated Insurance.

Fire insurance is not a matter merely personal between the insured and the issure. The public have an interest in it. If a company should advertise that, upon if the burning of a number of dwellings or stores in this city, they would distribute an addition of one hundred per cent, it is now for any portion of the property detroyed, his less should be made good with an anddition of one hundred per cent, it is now likely the company and its officers would feet the weight of public indignation. The Tax Decision.

The Supreme Court of this State has rendered a decision in a case involving the powers of the city to assess and collect taxes, which is of considerable moment. The power of taxasis for municipal government. Therefore when the Supreme Court sets acide a practice that has been in long use, it addresses itself so the most important public interests. In this case My. J. Y. Seammon, in his own, behalf, and in behalf of others, made a series of objections to the tax warrant of 1886-7, which were overruled in an elaborate opinion by Judge J. M. Wilson. The case was taken to the Supreme Court, and that tribunal has affirmed Judge Wilson's judgement, and adopted his reasoning upon all

That section reads as follows: "If trees sin cities, the lists, is darged in the on the hand or lots described therein, on or before the first day of January ensuing the date of the warrant, it shall be the duty of the Collector to de-mand and collect, for the use of said city, in sidi-ducing therein, in avery case; and I the assess-ranges charged in our prison in section of the same

The Supreme Court decides that the collection of these "damages" is unconstitutional. The effect of this decision will be to put an end to the "damages" for non-payment of general and special assessments. It has the effect also of rendering which these damages have been included with the tax. Persons who have purchased at tax sales under such circumstances will be glad to accept their own money back, and those whose property has been sold may now redom it without paying the one hundred per cent premium.
